Dear Mrs H Lealan

I write to express my total displeasure at the proposed Planning Application for 1a Milton Road.

Having resided in my property for the past decade I see the proposal for a two storey extension over looking my house and garden as a serious intrusion and invasion of my privacy. I value most strongly not being overlooked by immediate neighbours from a balcony or the proposed extension and see this situation as being totally unacceptable.

Such a change in the design of the Extension will restrict the sunlight to my home notwithstanding being an eyesore to our existing views.

When I moved into the property it was my understanding that the skyline was not likely to alter yet this proposal will clearly change that perception.

As a law abiding citizen who takes pleasure at the end of a long working day of retreating to my home for tranquillity and peace in the confines of my home, I take it very personally having my private property being viewed.

I cannot understand why such an application can be verified or approved and trust that common sense will prevail in declining the planning application.

Yours sincerely /
