Dear Simon Kennedy,

**Re: Discharge of Pre-commencement Conditions for application
P/14/01184/APP/14/00232 Langstone View - Portsdown Hill**

I am writing to request full discharge of a number of conditions as set out below.

Condition 4- Based on the report *Archaeological Evaluation- LP1635-AER V2.2* within which there was of no reported items found during the investigations there is no need for a final report to be produced.

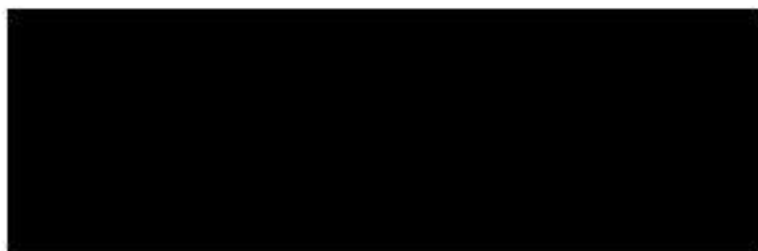

Condition 20- Please find attached the CFSH certificates for the site for all the Housing Association plots. Based on the these plots achieving code Level 3 I hope that all this condition can be discharged without the need for all the private unit certificates as some of the plot's as some of these units won't be completed for quite some time.

We trust this submission combined with the earlier submitted information now completes the discharge process.

However, should you have any further queries please do not hesitate to get in touch.

Thank you

Yours sincerely
For **Barratt David Wilson Southampton**
