43B CREEK ROAD, 

HAYLING ISLAND,

HAMPSHIRE PO11 9RA

TO WHOM IT CONCERNS

This is with regard to 50-52 CREEK ROAD. I know this letter should just be about the proposed building work at the rear of the plot but my view is that the plot should not be there at all. It is a blot on my landscape.

I live opposite and sleep to the front of my building. It has become impossible to sleep at all. The newspapers are delivered about 1.30 in the morning with lots of noise and sun lights shining. The plot opens at 5am, again with lots of noise and lights. Deliveries are from 5am onwards and again impossible

lots of noise as do all the cars that
start arriving from then on, some blocking
diver ways.

I know that nothing can probably
be done but felt that I had to voice
my opinion.

In the thirty two years that I've
lived here, this has been the worst it has
been. Even with the 'Hitherwake' public
house and the caravans down the street it
wasn't this bad.

Yours sincerely
