

Dear Narinder,

**APP/25/00856 | Request to Discharge conditions 28 & 36 of Section 73 Permission
APP/24/00312 relating to Phase 3 of the development | Havant Thicket Reservoir
Site**

Thank you for consulting me on this application. I have reviewed the document 'Ecological Mitigation, Compensation & Enhancement Measures Phase 3 Reserved Matters NMA – Discharge of Planning Condition 36'. I am content that the proposed changes to the embankment design do not present a fundamental change to the previously agreed ecological measures. I consider that Condition 36 can be discharged.

If you have any queries, please don't hesitate to contact me.

Kind regards,

Tristan
