For attention of Ms Wells

Dear Madam

Re: APP/25/00974 At Land to the west of Hulbert Road, Havant

Advertisement Consent for proposed siting of 3 No. (non illuminated) fascia signs adjacent to the public highway

Thank you for the consultation on the above application. The Highway Authority have reviewed the proposed signage locations. Signs 1 and 2 would appear to be located outside the bounds of the highway however these locations may require relocation should they obstruct visibility from the site access. Proposed sign 3 appears to be within the highway boundary and therefore would not be considered acceptable and separate consent would not be granted for such infrastructure in the highway.

The signs should be shown on a highway layout more clearly as the current plan is to high scale to be specific on the site location. This should include the highway boundary to ensure they fall wholly within private land and do not obstruct required visibility splays for current and future access arrangements, appreciating the temporary nature of the signs.

Yours faithfully,

Holly Drury
