To Fox, Jennie <Jennie.Fox@havant.gov.uk>

Dear Jennie,

Further to my last email,

In regards to the materials:

- The metal fascia around the roof will be a bronze effect or similar tone. The exact specification of this is tbc.
- The glazing frames would be powder coated in a colour to match the metal as closely as possible.
- The soffit would be real timber, the exact species is tbc at this stage.
- The stone will be a yorkstone to match that already used through the garden, seen in the raised flower beds, retaining walls, and terrace floors.

Please let us know your thoughts on the above.

Kind Regards,

Tom Ford | Architect

Hi Jennie,

Apologies for not coming back to you yesterday, I was out of the studio. I am just confirming answers with the applicants and will come back to you shortly.

Kind Regards,

Tom Ford | Architect
