Planning Application No. APP/25/00902

Dear Both.

It appears that HBC is up to its old tricks again, when it comes to Planning Applications.

Keep the Council Taxpayers in the dark and pick a national holiday period to announce it and give the public little time to find the facts, we only received details in the post on December 11th. [redacted]

[redacted]

HBC you should be ashamed.!!

On the facts alone of HBC not providing information of their intentions, my wife and I object to this planning application and will refer the matter to HM Government and the Media
