Tree works

Description	
Fell self set Sycamores as close to ground level as possible and treat stumps.	
BAY HEDGE	
Reduce leaning stems over road to 0.5 metres back past path edge. Trim/cut back low growth to 1ft back past path edge. Trim/reduce remaining tops and side to neaten and shape.	
LIME	
Remove basal and epicormic to crown break. Reduce height by up to 2.5 metres and sides by up to 1.5 metres. Remove major deadwood.	
ELDER	
Light reduce to neater and shape.	
Leave clean and tidy on completion of the works.
