

APP/21/01434

I am horrified to learn of the proposed development of Hook Farm. Have they thought of the infrastructure? Medical centre & dentists cannot cope. You cannot get routine appointments with long waiting lists.

Loss of habitat for wild birds, insects, bees etc.

Road off Hayling already busy & noisy for residents.

The land is marked as a future flood plain.

Are you going to pass this development to get more money for council coffers??

Hagling is a special place.
There are enough developments
already

Yours sincerely
