- Hi Kayleigh,

Happy New Year, hope you had a good break.

I have been reconsulted on the above application following my comments below, however I can't see that any noise information has been provided by the applicant.

Can you please confirm whether a noise report considering the adjacent Canser Treatment Centre has been received?

Kind regards,

Craig

Dear Kayleigh,

Thank you for consulting Environmental Health (pollution) regarding the above application. The proposals include installation of a dust extraction and filtration system on the facade of the Ensinger building.

The nearest dwelling is over 250 meters away and any noise emitted from the proposed plant is anticipated to be inaudible by residents.

Genesis Care Cancer Treatment Centre is adjacent to the Ensinger building and is considered a sensitive premises.

The applicant is therefore requested to provide further information to include an acoustic assessment carried out by a suitably qualified acoustic consultant. The assessment shall consider relevant guidance including BS4142:2014 and BS8233:2024 and include noise mitigation measures where appropriate to ensure that the proposed plant shall not result in adverse noise impact to users of the adjacent Genesis Care facility.

Kind regards,

Craig Milligan
