For Applicant: Ms K Salisbury

TOWN AND COUNTRY PLANNING ACT 1990 (AS AMENDED)
TOWN AND COUNTRY PLANNING (GENERAL PERMITTED DEVELOPMENT) (ENGLAND) ORDER 2015

Notification of Decision: Approve with Conditions

Application Number: APP/25/00766
Site Address: 13 Elm Grove, Hayling Island, PO11 9EA
Proposal: Application to determine if Prior Approval is required for a proposed Change of use from Commercial, Business and Service (Use Class E) to mixed use including up to two flats (Use Class C3)

I refer to your notification received on 6 August 2025, with regard to the above proposal and write to advise that:

Notification of Decision: Approve with Conditions

You are advised that under the provisions of Part 3, Class MA of the Town and Country Planning (General Permitted Development) Order 2015 (as amended), development is permitted subject to the following conditions:

(a) Development under Class MA must be completed within a period of 3 years starting with the prior approval date; and

(b) A building which has changed use under Class MA is to be used as a dwellinghouse within the meaning of Class C3 of the Schedule of the Use Classes Order and for no other purpose, except to the extent that the other purpose is ancillary to the primary use as such a dwellinghouse;

and is subject to compliance with

(i) The plans and other documents submitted with regard to your application; and

(ii) The following conditions:

Conditions:

1	The development hereby permitted shall be carried out in accordance with the following approved plans: BS8233 & BS4142 ASSESSMENT OF 13 ELM GROVE prepared by James Flitton AMIOA dated 10.12.2025 Location and Block Plans drawing no 1000 REV C Proposed floor plans drawing no 1125 REV B Elevation plans drawing no 1275 REV B Cover letter 13 Elm Grove 5th August 2025 **Reason**: - To ensure provision of a satisfactory development.
2	The development hereby permitted shall not be occupied until: a) A water efficiency calculation in accordance with the Government's National Calculation Methodology for assessing water efficiency in new dwellings has been undertaken which demonstrates that no more than 110 litres of water per person per day shall be consumed within the development, and this calculation has been submitted to, and approved in writing by, the Local Planning Authority; all measures necessary to meet the agreed waste efficiency calculation must be installed before first occupation and retained thereafter; and b) All measures forming part of that mitigation package have been provided to the Local Planning Authority. **Reason**: There is existing evidence of high levels of nitrogen and phosphorus in the water environment with evidence of eutrophication at some European designated nature conservation sites in the Solent catchment. The PUSH Integrated Water Management Strategy has identified that there is uncertainty as to whether new housing development can be accommodated without having a detrimental impact on the designated sites within the Solent. Further detail regarding this can be found in the appropriate assessment that was carried out regarding this planning application. In compliance with Regulation 63 of the Conservation of Habitats and Species Regulations 2017, and Article 3(1) of the Town and Country Planning (General Permitted Development) (England) Order 2015 (as amended), the local planning authority has a duty to ensure that sufficient mitigation is provided against any impacts which might arise upon the designated sites. In coming to this decision, the Council has also had regard to Policy CS11 of the Havant Borough Local Plan (Core Strategy) 2011.

3	At all times following occupation of the development hereby approved, all measures for water usage within the submitted nutrient budget shall be maintained in the development in perpetuity. **Reason**: There is existing evidence of high levels of nitrogen and phosphorus in the water environment with evidence of eutrophication at some European designated nature conservation sites in the Solent catchment.The PUSH Integrated Water Management Strategy has identified that there is uncertainty as to whether new housing development can be accommodated without having a detrimental impact on the designated sites within the Solent. Further detail regarding this can be found in the appropriate assessment that was carried out regarding this planning application. In compliance with Regulation 63 of the Conservation of Habitats and Species Regulations 2017, and Article 3(1) of the Town and Country Planning (General Permitted Development) (England) Order 2015 (as amended) the local planning authority has a duty to ensure that sufficient mitigation is provided against any impacts which might arise upon the designated sites. In coming to this decision, the Council has also had regard to Policy CS11 of the Havant Borough Local Plan (Core Strategy) 2011.
4	The bin arrangements as stipulated in the Covering Letter dated 5th August 2025 shall be provided and installed and made fully available for use prior to the development being first brought into use and shall be retained thereafter for their intended purpose. **Reason**: In the interests of highway safety and having due regard to policy DM13 of the Havant Borough Local Plan (Core Strategy) 2011 and the National Planning Policy Framework.
5	Prior to the occupation of the approved residential accommodation, details of a scheme for protecting the proposed dwellings from external noise shall be submitted and approved in writing by the Local Planning Authority. Such a scheme shall ensure that upon completion of the development, the following noise criteria (as recommended in BS8233:2014) shall be met: i. all bedrooms shall achieve an 8-hour LAeq (23:00 to 07:00) of 30dB(A) ii. all living rooms and bedrooms shall achieve a 16-hour LAeq (07:00 to 23:00) of 35dB(A) iii. LAmax,F noise levels shall not exceed 45 dBA more than 10 times between 23.00 – 07.00 hours inside bedrooms A noise validation report demonstrating compliance with these noise criteria shall be submitted to and approved by the Local Planning Authority before any dwelling is occupied. This assessment shall be conducted with windows open for ventilation, unless mechanical ventilation has been provided, in which case these tests shall be performed with such mechanical ventilation running. Such noise protection measures shall thereafter be maintained and operated in accordance with the approved scheme. **Reason:** To ensure the residential amenity of the dwellings hereby approved is not impacted upon by any external noise levels and having due regard to policies CS16 and DM10 of the Havant Borough Local Plan (Core Strategy) 2011, Policy DM18 of the Havant Borough Local Plan (Allocations) 2014 and the National Planning Policy Framework.

Informatives:

1	In accordance with paragraphs 38-50 of the NPPF Havant Borough Council (HBC) takes a positive and proactive approach and works with applicants/agents on development proposals in a manner focused on solutions by: Offering a pre-application advice service, and Updating you of any issues that may arise in the processing of your application and where possible suggesting solutions, and, In this instance: You were updated about issues after the initial site visit, Your application was acceptable as submitted and no further assistance was required.

Other Important Information:

1.	This notice only relates to the decision of Havant Borough Council as Local Planning Authority under the Town and Country Planning Acts. It does not relate to any other application that may be required under the Building Regulations or under any other Act, Regulation, Byelaw or Order where the Council's approval may be needed. For further guidance as to the need for consent under the Building Regulations please phone 023 9244 6571.
2.	Your attention is drawn to the attached information regarding firstly your right to appeal to the Planning Inspectorate, if you are aggrieved by the Council's decision, and secondly the rights of an owner to, in certain circumstances serve a purchase notice on the Council. See www.planningportal.co.uk
3.	Any failure to adhere to the details of the approved plans , and other documents or to comply with any conditions listed above may lead to enforcement action being taken by the Council. If you wish to depart from the approved details or conditions in any way you should contact the Planning and Development service at the Plaza or by telephoning 023 9244 6015.

PLEASE NOTE THE FOLLOWING IMPORTANT INFORMATION TO BE READ ALONGSIDE YOUR NOTIFICATION OF DECISION

1: APPEAL INFORMATION

NOTIFICATION TO BE SENT TO AN APPLICANT WHEN A LOCAL PLANNING AUTHORITY REFUSE PLANNING PERMISSION OR GRANT IT SUBJECT TO CONDITIONS

· These notes are for information only and do not purport to set out the law on the subject.

· Only the applicant possesses the right of appeal.

Appeals to the Secretary of State

· If you are aggrieved by the decision of your local planning authority to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Secretary of State under section 78 of the Town and Country Planning Act 1990.

· If this is a decision on a planning application relating to the same or substantially the same land and development as is already the subject of an enforcement notice and you want to appeal against your local planning authority's decision on your application, then you must do so within 28 days of the date of this notice.

· If an enforcement notice is served relating to the same or substantially the same land and development as in your application and if you want to appeal against your local planning authority's decision on your application, then you must do so within 28 days of the date of service of the enforcement notice, or within 6 months [12 weeks in the case of a householder appeal] of the date of this notice, whichever period expires earlier.

· If this is a decision to refuse planning permission for a householder application and you want to appeal against your local planning authority's decision then you must do so within 12 weeks of the date of this notice.

· If this is a decision to refuse planning permission for a minor commercial application and you want to appeal against your local planning authority's decision then you must do so within 12 weeks of the date of this notice.

· If this is a decision to refuse express consent for the display of an advertisement and you want to appeal against your local planning authority's decision then you must do so within 8 weeks of the date of receipt of this notice.

· If this is a decision to refuse consent to work on a tree which is subject to a Tree Preservation Order and you want to appeal against your local planning authority's decision then you must do so within 28 days of the date of this notice.

· If this is a decision to refuse any other type of application and you want to appeal against your local planning authority's decision then you must do so within 6 months of the date of this notice.

Appeals can be made online at: https://www.gov.uk/appeal-householder-planning-decision for householder applications; https://www.gov.uk/appeal-planning-decision for full applications; https://www.gov.uk/planning-inspectorate for anything else.

· The Secretary of State can allow a longer period for giving notice of an appeal but will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.

· The Secretary of State need not consider an appeal if it seems to the Secretary of State that the local planning authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.

If you intend to submit an appeal that you would like examined by inquiry, then you must notify the Local Planning Authority and Planning Inspectorate (inquiryappeals@planninginspectorate.gov.uk) at least 10 days before submitting the appeal. Further details are on GOV.UK.

2: BUILDING CONTROL

IMPORTANT NOTICE FOR APPLICANTS WITH REGARD TO BUILDING REGULATIONS

This notice only relates to the decision of Havant Borough Council under the Town and Country Planning Acts. It does not relate to any other application that may be required any other Act, Regulation, Byelaw or Order where the Council's approval may be needed.

For further guidance as the need for consent under the Building Regulations, please telephone Havant Borough Council's Building Control team on: 023 9244 6571

3: FURTHER INFORMATION FOR APPLICATIONS RELATING TO NEW VEHICULAR ACCESS/DROPPED KERBS

If your application includes a dropped kerb, please visit Hampshire County Council's guidance here: https://www.hants.gov.uk/transport/parking/droppedkerbs

This page provides essential information for residents, explaining that planning permission and dropped kerb consent are two separate requirements. While planning permission may be granted by the local planning authority, dropped kerb consent must still be obtained from Hampshire County Council, as they are responsible for managing access to the public highway.

It is particularly important to highlight that for applications involving classified roads (A, B, and C roads), applicants must provide evidence of planning permission as part of their dropped kerb application. This ensures that all necessary safety, traffic, and infrastructure considerations are properly addressed.

4: SOUTHERN GAS ADVISORY NOTE

In June 2021 SGN issued a comprehensive advisory note

There are a number of risks created by built over gas mains and services; these are:

Pipework loading - pipes are at risk from loads applied by the new structure and are more susceptible to interference damage.

Gas entry into buildings - pipework proximity increases risk of gas entry in buildings. Leaks arising from previous external pipework able to track directly into main building from unsealed entry.

Occupier safety - lack or no fire resistance of pipework, fittings, or meter installation. Means of escape could be impeded by an enclosed meter.

Please note therefore, if you plan to dig, or carry out building work to a property, site, or public highway within our gas network, you must:

1. Check your proposals against the information held at https://www.linesearchbeforeudig.co.uk/ to assess any risk associated with your development and

2. Contact our Plant Protection team to let them know. Plant location enquiries must be made via email, but you can phone us with general plant protection queries. See our contact details below:

Phone: 0800 912 1722 / Email: plantlocation@sgn.co.uk

In the event of an overbuild on our gas network, the pipework must be altered, you may be temporarily disconnected, and your insurance may be invalidated.

Further information on safe digging practices can be found here:

Our free Damage Prevention e-Learning only takes 10-15 minutes to complete and highlights the importance of working safely near gas pipelines, giving clear guidance on what to do and who to contact before starting any work https://www.sgn.co.uk/damage-prevention

Further information can also be found here https://www.sgn.co.uk/help-and-advice/digging-safely

SGN personnel will contact you accordingly.
