For attention of Ms Miszewska

Dear Madam

Re: APP/24/00822 At 9 Harbourside, Havant, PO9 1TJ

Rebuild the existing concrete walling and revetment to the east of the slipway. Reduce the footprint of the concrete defences and return part to foreshore. Height of the new defence will be at 4.0m OD, raising by 5-10cm max. Reinforce the earth embankment to the west of the slipway with sheet piling, and raise bank by approx 50cm.

Thank you for consulting the Highway Authority on the above planning application. The Highway Authority wishes to make the following comments.

Following on from discussion with the applicant regarding construction traffic traversing Mill Lane, potential damages, and traffic safety precautions, the Highway Authority are now content that suitable arrangements have been made in this regard.

Recommendations

These proposals have been considered and in review are not anticipated to result in a significant impact to the safety or operation of the local highway network. Therefore, the Highway Authority have no objection to the proposals.

Yours faithfully,

Louis Aplin-Haynes
