For attention of Ms Sheath

Dear Madam

Re: APP/25/00931 At 25 West Street, Havant, PO9 1ER

Advertisement consent Application for Fascia Sign and Projecting Sign

Thank you for consulting the Highway Authority on the above planning application. The Highway Authority wishes to make the following comments.

This application proposes the construction of two illuminated signs for a nail salon along West Street in Havant. The application form confirms that these signs will emit a luminance of 400cd/m^2. The Highway Authority is satisfied that this accords with the guidance set out in the ILP's GN01 'Guidance Notes for the reduction of obtrusive light' – 2011 for signage up to 10m^2 in area in an E4 urban area.

Recommendations

These proposals have been considered and in review are not anticipated to result in a significant impact to the safety or operation of the local highway network. Therefore, the Highway Authority have no objection to the proposals subject to the following condition:

Condition

The illuminated signage included as part of this proposal shall at no time be permitted to emit a luminance greater than 600cd/m^2.

Reason: in the interest of highway safety.
