To Fox, Jennie <Jennie.Fox@havant.gov.uk>

Hi Jennie,

After looking through the Sustainability & Energy Statement submitted by applecore there are a number of positive approaches and installations proposed as a result of the works, which should lead to a higher performing energy efficiency dwelling which incorporates a number of low-carbon and renewable technologies.

I am therefore satisfied with what they have submitted and the works they have demonstrated to design out carbon onsite.

Many thanks

Emma
