For attention of Ms Sheath

Dear Sirs

Re: APP/26/00119 At Land at Waterloo Park, Waterlooville

Display of 1No. Totem sign (illuminated)

In regard to application APP/26/00119, having reviewed the information contained within the application pack, there would be **no objection** to the proposals from a highway perspective.

The proposed Totem sign is to be placed is a position to the west of the adjacent highway, in a location in excess of 5.0m from the highway edge. As such, it will not impact upon the visibility splay requirements in the local vicinity, or obstruct any vehicle or pedestrian movement.

Onwards, whilst the Totem sign is to be illuminated, the maximum luminance level quoted on the application form is 300 cd/sqm, which falls well within guidance levels for a location such as this. With the sign also not utilising moving or changing images, there should be minimal distraction and impact on passing highway users, and as such the proposal is acceptable.

Yours faithfully,

Matt Grantham
