

Case officer Jamie Gargett.

Ref above planning application; please note objection below and add to planning portal as required.

Original application was to trim the tree, amendment has subsequently been submitted to fell. Applicants justification to fell has no independent professional arborist evidence to support.

Application is in effect an amendment to APP/24/00648, whereby the applicant is submitting individual applications to clear the land of TPO 1357 protected trees in support of building of chalet bungalow.

Applicant has previously felled T17 and is now applying to fell T13. Naturally habitat of this wooded area and nature benefit is being continually eroded by the clearance of land and removal of significant, established trees.
