Havant Borough Council Planning.

Re: Proposed extension to the Bellair Club, 2 Bellair Road Havant.

APP/25/00860

Dear Ms Donopoly

I have registered an objection on the Havant BC planning portal but did not receive an acknowledgment.

I have no objection to the disabled facilities toilet and fully support that proposal.

My concern is about the cellar cooling plant on the flat roof of the eastern extension, this is are likely to cause noise that will be noticeable to those living in surrounding homes particularly in the evening and at night. I wish to register an objection.

There is no consultant report about noise from the plant on the file. There is also no information on when the cooling plant equipment would run.

The extension roof will not match the existing pitched roof on the building and will be visible both form Bernard Powell flats and the homes in Oaklands adjoining the Bellair Club.

These properties owned by landlords and I believe they have not been informed.

There have not been any site notices posted.
