3. Proposal

6No. Oak trees, (T1,T2,T3,T4,T5,T6 on plan) cut back to suitable growth points by approx 1m-1.75m back to boundary fence up to a height of 3.2m, within G1 of TPO 1730.

4. Policy Considerations

National Planning Policy Framework

Havant Borough Local Plan (Core Strategy) March 2011

DM8 (Conservation, Protection and Enhancement of Existing Natural Features

Havant Borough Local Plan (Allocations) July 2014

5. Statutory and Non Statutory Consultations

6. Publicity and Community Involvement

This application was publicised in accordance with the Council's Local Code of Corporate Governance and the Statement of Community Involvement.

7. Planning Considerations

7.1 Having regard to the relevant policies of the development plan it is considered that the main issues arising from this application are:

Whether the degree of pruning works requested would undermine the amenity value of these trees and whether this could also be harmful to their ongoing health and vitality.

7.2 My recommendation relates specifically to assessing the proposed works rather than generally considering the tree's health and condition in any great detail and deals with the relevant issues that have been raised on site and in the application form. The recommendation made within this application is formed from a desktop based examination in line with BS 3998.

7.3 The works applied for to a line of Oaks is considered reasonable in that it is a lateral reduction that will improve living conditions for the people living in the adjacent apartments, without negatively impacting on the health of the trees or their current amenity value.

8 Conclusion

Recommend permit.

9. RECOMMENDATION:

That the Development Manager be authorised to Approve with Conditions application APP/26/00160
