Discharge of Conditions

Please provide a full description and/or list of the materials/details that are being submitted for approval

Condition 11 - CEMP - Prior to the commencement of development activities, a Construction Environment Management Plan (CEMP) shall be submitted to and agreed in writing by the Local Planning Authority. This shall include details of measures to avoid harm to the natural environment, including explicit avoidance and mitigation measures and the roles and responsibilities of those persons responsible for implementing the agreed CEMP.

Condition 15 - Foul Water Drainage - No development hereby permitted shall commence until plans and particulars specifying the layout, depth and capacity of all foul and surface water drains and sewers proposed to serve the same, and details of any other proposed ancillary drainage works/plant (e.g. pumping stations) have been submitted to and approved in writing by the Local Planning Authority. Unless agreed otherwise in writing by the Local Planning Authority, the development hereby permitted shall not be brought into use until the completion of the implementation of all such drainage provision in full accordance with such plans and particulars as are thus approved by the Authority.

Condition 19 - Construction Vehicle Parking - No development or any related site clearance shall commence until a plan and particulars specifying the provision to be made within the site and/or on other land nearby for the parking (throughout the clearance and construction period) of construction vehicles and of other vehicles delivering/removing materials and other items to/from the development site have been submitted to and approved in writing by the Local Planning Authority. Thereafter, throughout such site clearance and implementation of the development hereby permitted, all such temporary parking provision shall be provided and used only as such.

Condition 20 - CTMP - A Construction Traffic Management Plan shall be submitted to, and approved in writing, by the Local Planning Authority (in consultation with Hampshire County Council Highway Authority) before development commences. This should include construction access, construction traffic routes and their management and control, parking and turning provision to be made on site, measures to prevent mud being deposited on the highway, adequate provision for addressing any abnormal wear and tear to the highway, and a programme for construction.
