

**CAUTION:** This email came from outside of the council - only open links and attachments that you're expecting.

This is in Support of Application APP/26/0089 (Unable to make a comment on the proposed application.)

I support this new development.

I am certain this design and build could only be a benefit, reflecting the proposers passion for a sustainable practice harmonizing with the surroundings.

In my opinion, it would work with complimenting the outlook, knowing their focus on maintaining an ecological balance with copious knowledge.

It will enhance visually and only increase the value and character of this beautiful area.
