The wall positions shown on this drawing are typically shown at 2m above floor level where possible. Any critical dimensions should be checked on site to allow for changes in verticality of the wall between floor level and ceiling height.

Any structural features obscured by suspended ceiling have not been shown

Service covers indicated where visible at time of survey

The grid and datum for this survey is based on the Ordnance Survey grid OSGM15, site centred on control station GPS1 with a scale factor of 1.00
