Subject: RE: *EXTERNAL:RE: Land off St Mary's Road, Hayling Island - Appeal Ref 6004299

CAUTION: This email came from outside of the council - only open links and attachments that you're expecting.

Dear Tim and Sarah,

Further to the below emails, we have now received the final version of the Environmental Impact Assessment (EIA) Compliance Note and an updated Development Framework Plan to accompany the proposed red line boundary change for the above appeal at Land off St Mary's Road, Hayling Island.

Please find these documents attached to this email. We thought that it may assist the Inspector to have sight of these documents when providing any views they may have on making these available for consultation. In this regard, we also be grateful if you could advise whether there has been any further correspondence with the Inspector on this matter.

As previously advised, we would be happy to discuss the consultation arrangements further, if the Inspector felt this would be of assistance. We would also be happy to assist with the consultation process itself.

Kind regards

Peter
