For attention of Ms Sheath

Dear Madam

Re: APP/25/01006 At 6A Dornmere Lane, Waterlooville, PO7 8QH

Proposed rear garden room for child therapy use.

Thank you for consulting the Highway Authority on the above planning application. The Highway Authority wishes to make the following comments.

This application seeks approval for the construction of a rear garden room which is proposed to be used as a child therapy room. This application will not require any changes to the local highway or require the creation of any new access, nor is it anticipated to have a significant impact on traffic in the area given the limit of 1 child per session and low number of sessions (5) per day. The Planning Statement outlines that there is suitable space on the existing driveway to accommodate any additional parking demand (4 parking spaces). The Planning Authority should be satisfied that there would be suitable parking available to conform with the parking requirements for the dwelling and an additional parking space for the additional use.

Recommendations

These proposals have been considered and in review are not anticipated to result in a significant impact to the safety or operation of the local highway network. Therefore, the Highway Authority have no objection to the proposals subject to the Planning Authority being satisfied with the parking arrangements.
