6. Publicity and Community Involvement

This application was publicised in accordance with the Council's Local Code of Corporate Governance and the Statement of Community Involvement.

7 Planning Considerations

7.1 Having regard to the relevant policies of the development plan it is considered that the main issues arising from this application are:

Whether the degree of pruning works requested would undermine the amenity value of these trees and whether this could also be harmful to their ongoing health and vitality.

7.2 My inspection related specifically to assessing the proposed works rather than generally inspecting the tree's health and condition in any great detail. I visually inspected the tree from ground level and the following report deals with the relevant issues that have been raised on site, in the application form and from my site observations.

7.3 Historically the trees were pruned excessively and now works are considered to be important to keep on top of the condition of the trees to ensure that they are managed correctly. The works applied for will enable this to be undertaken.

8 Conclusion

Recommend permission.

9. RECOMMENDATION:

That the Development Manager be authorised to Approve with Conditions application APP/26/00179
