Total Liability for HBC	£10,142.86
-------------------------	------------

Total CIL Liability

£10,142.86

Area Totals (sqm)

Total Development	971.00
Demolitions*	26.00
Existing Use*	874.00
Chargeable Area (HBC)	71.00

* Demolished floorspace and existing floorspace are only included above if eligible for deduction from the chargeable area.

How we calculated this figure

We calculated this figure using the formula below as set out in Schedule 1 of the CIL Regulations 2010 (as amended):

$$\text{The CIL Total Area Charge} = \text{Chargeable Area (A)} \times \text{Rate (R)} \times \text{Index (I)}$$

The Chargeable Area is the gross internal area of the total development less the floorspace of any existing buildings which are eligible deduction.

To be eligible for deduction, the existing buildings must be situated on the relevant land on the day planning permission first permits the chargeable development and be 'In Use'.

A building is defined as being '**In Use**' if part of the building has been in continuous use for a period of at least six months within the period of three years ending on the day planning permission first permits the chargeable development.

The charge will be index linked based on the following formula:

I_p/I_c where I_p is the index figure for the year in which planning permission was granted and I_c is the index figure for the year the charging schedule took effect (2012), using the national All-in tender price index published by the Building Cost Information Service (BCIS).

$$\text{The CIL Total Area Charge} = \text{Chargeable Area (A)} \times \text{Rate (R)} \times \text{Index (I)}$$

The Chargeable Area is the gross internal area of the total development less the floorspace of any existing buildings which are eligible deduction.

To be eligible for deduction, the existing buildings must be situated on the relevant land on the day planning permission first permits the chargeable development and be 'In Use'.

A building is defined as being '**In Use**' if part of the building has been in continuous use for a period of at least six months within the period of three years ending on the day planning permission first permits the chargeable development.

New liability notices may be issued

Any change in the details contained in this notice which affect the calculation of the chargeable amount will lead to the Council issuing a new liability notice. Changes requiring a new calculation of the

chargeable amount may arise from:

- A change to the liable party
- Granting of a Community Infrastructure Levy relief
- Any existing buildings deducted from the CIL-liable floorspace are subsequently found not to have qualified as being 'In Use' (defined above) for a continuous period of at least six months within the period of three years ending on the day planning permission first permits the chargeable development

Please note it is your responsibility to notify us if:

- There is a change in the liable party. In this case, please complete Form 3: Withdrawal of Assumption of Liability Form and or Form 4: Transfer of Assumed Liability Form
- The liable party's contact details change
- There are any changes in the floorspace details involved in the chargeable development. In this case, please submit a new Planning Application Additional Information Requirement Form

Are you eligible for relief from CIL?

Relief is not offered.

When will this CIL amount be due for payment?

If the payment procedure is followed correctly, this CIL amount will be payable in the following manner:

1 instalments: 100% of the levy 120 days from commencement.. The council's CIL Instalments Policy can be viewed online:

www.havant.gov.uk/sites/default/files/documents/Adopted%20instalments%20policy.pdf

You must notify Havant Borough Council of the date on which you intend to commence development by submitting a valid Form 6: Commencement Notice (this is not the same as a commencement notice submitted to Building Control).

Payment of the CIL chargeable amount will be due in full on the day that development commences. If a valid Form 6: Commencement Notice has not been submitted before development commences, payment of the CIL amount will be due in full on the day that the collecting authority believes the development to have commenced. Interest and surcharges will also be applied as set out in the CIL Regulations.

Consequences of non payment

If you fail to follow the payment procedure described above, the collecting authority will impose surcharges on this liability. Persistent failure to pay CIL liabilities due may result in the collecting authority imposing surcharges, serving a CIL stop notice prohibiting further development on the site and/or taking action to recover the debt due. Please see the document published by the Department for Communities and Local Government on the [Consequences of failing to following the CIL Payment procedure](#) for further information.

Late Payment Interest will also be applied as set out in the CIL Regulations.

The amount of CIL liability in this notice is a local land charge

This CIL liability has been registered as a local land charge against the land affected by the planning permission in this notice. This charge will be cancelled on full payment of this liability.

Do you think we have made a mistake in our calculations?

You can ask us to review our calculation, please note that there is a time limit of 28 days from the date of this notice regarding this action. If you are unhappy with the calculation following this review, you can appeal to the Valuation Office Agency. Please see the Planning Portal note on the Appeals Procedure for further information.
