Dear Sir/Madam,

Proposal: Demolition of existing buildings and erection of a supported housing building for mothers and children
Site address: Garage Compound, Whitsbury Road

Southern Water are happy to discharge conditions 3 and 4 on basis the new proposed drainage plans show the sewer diversion and the means for foul water disposal in the new documents.

Sewer abandon / Diversion by Developer
Please find attached an extract of Southern Water records showing the approximate position of a public sewer/water main crossing the site.
It appears that the applicant is proposing to abandon/divert a Southern Water asset (Water Main or Sewer).
Any public diversion proposals shall be approved by Southern Water under Section 185 of the Water Industry Act. An application should be made using Southern Water's Get Connected Service at https://developerservices.southernwater.co.uk

It is possible that a sewer now deemed to be public could be crossing the development site. Therefore, should any sewer be found during construction works, an investigation of the sewer will be required to ascertain its ownership before any further works commence on site. If this happens, please call our Customer Service Desk on 0330 303 0119.
