

Planning Application Reference: APP/26/00188

Description: Site alterations comprising the installation of plant and associated works to facilitate Electric Vehicle charging infrastructure

Location: 32, New Lane , Havant, PO9 2NG

It is noted that the cover letter refers to supporting noise information; however, this does not appear to have been submitted.

It is requested that noise information relating to the proposed plant is made available for Environmental Protection to review.

Kind regards,

Craig Milligan

Environmental Health Officer
