4. Policy Considerations

National Planning Policy Framework

Havant Borough Local Plan (Core Strategy) March 2011

DM8 (Conservation, Protection and Enhancement of Existing Natural Features

Havant Borough Local Plan (Allocations) July 2014

5. Statutory and Non Statutory Consultations

6. Publicity and Community Involvement

This application was publicised in accordance with the Council's Local Code of Corporate Governance and the Statement of Community Involvement.

7 Planning Considerations

7.1 Having regard to the relevant policies of the development plan it is considered that the main issues arising from this application are:

Whether the degree of pruning works requested would undermine the amenity value of these trees and whether this could also be harmful to their ongoing health and vitality.

7.2 My inspection related specifically to assessing the proposed works rather than generally inspecting the tree's health and condition in any great detail. I visually inspected the tree from ground level and the following report deals with the relevant issues that have been raised on site, in the application form and from my site observations.

7.3 The two Oaks subject to this application are small scrub Oaks that are not visible from the street and do little in terms of any public amenity value, they are located within a modest garden and to allow these works will enable a better relationship between, tree, resident and dwelling.

8 Conclusion

Recommend Permit

9. RECOMMENDATION:

That the Interim Head of Planning be authorised to Approve with Conditions application APP/26/00240
