

Good morning Ms Wells,

I am writing to advise that the plans submitted for the site view/site overview (North and West elevations) application APP/26/00105 are incorrect.

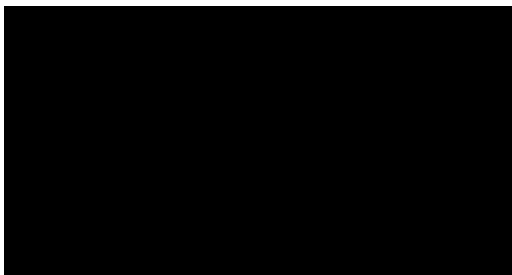

Both of these plans do not show two Velux Windows (4 Bembridge Drive) on the North/West elevation. This is obviously a very important omission and legally incorrect. I'm sure that it was not intentional but it could be suggested that these Velux windows were omitted deliberately in favour of the Owner/Occupier.

It makes it very difficult for the public to comment if they do not have the correct/full information as this omission could affect overlooking, loss of light etc. Please may I request that these plans/images are re-submitted showing the two Velux windows along with an extension for comments as it is grossly unfair and very misleading.

I have attached a copy to illustrate.

Please can you confirm receipt of this email and advise if an extension will be agreed.

Many thanks for your help and kind regards,

APP/26/00105
