

Dear Timothy,

Thank you for your email. I apologise if there has been a delay in responding; your consultation was not included on my consultee list, which is why you had not received a reply from me previously.

Having now reviewed the proposal alongside the accompanying tree information and supporting documentation, I can confirm that the proposed works to rebuild the wall will not conflict with any of the trees on site. I am satisfied that the development can proceed without causing adverse impacts to the existing tree stock.

On this basis, I have no arboricultural objections to the proposal.

Best wishes

Jamie Gargett MICFor
