4. Policy Considerations

National Planning Policy Framework

Havant Borough Local Plan (Core Strategy) March 2011
DM8 (Conservation, Protection and Enhancement of Existing Natural Features

Havant Borough Local Plan (Allocations) July 2014

5. Statutory and Non Statutory Consultations

6. Publicity and Community Involvement

This application was publicised in accordance with the Council's Local Code of Corporate Governance and the Statement of Community Involvement.

7 Planning Considerations

7.1 Having regard to the relevant policies of the development plan it is considered that the main issues arising from this application are:

Whether the degree of pruning works requested would undermine the amenity value of these trees and whether this could also be harmful to their ongoing health and vitality.

7.2 My inspection related specifically to assessing the proposed works rather than generally inspecting the tree's health and condition in any great detail. I visually inspected the tree from ground level and the following report deals with the relevant issues that have been raised on site, in the application form and from my site observations.

7.3 The works outlined are for a wooded area adjacent to a large supermarket store and are considered reasonable on going management of the area that will not negatively affect either the health of the trees or the public amenity offered.

7.4 The works to the Ash trees is considered proportional as with ADB they will continue to deteriorate

8 Conclusion

Recommend Permit

9. RECOMMENDATION:

That the Interim Head of Planning be authorised to Approve with Conditions application APP/26/00312

Conditions:

1	The tree works for which consent is hereby granted shall not be carried out otherwise than in full accordance with all relevant content of BS 3998 (2010). Reason: In the interests of tree health and safety.
2	In the first planting season following the date of felling; 1 replacement tree is planted. The tree should be a minimum 1.5 metres tall at the time of planting and

	should comply with BS3936:Part 1:1992. It should be planted at or near the site of the existing tree. It should also be selected from the following species: 3 x Common Hazel (Corylus avellana) or such other size, species, location or period of time as may be agreed in writing with the Council. If within a period of three years any tree planted as a replacement is cut down, felled, uprooted, removed, or die, or becomes in the opinion of the Council seriously damaged or defective: a) the Council shall be notified as soon as is reasonably practicable; and b) another tree of the same species and size shall be planted in the same location at a time agreed in writing with the Council unless the Council agrees to dispense with or vary the requirement. Reason: To conserve and safeguard the visual amenities of the locality.
3	The tree works for which consent is hereby granted shall be carried out and completed no later than one year from the date of this decision notice. Reason: To control the timing of the works
