

Application to determine if prior approval is required for a proposed: Larger Home Extension

The Town and Country Planning (General Permitted Development) (England) Order 2015 (as amended) - Schedule 2, Part 1, Class A

Publication of applications on planning authority websites

Please note that the information provided on this application form and in supporting documents may be published on the Authority's website. If you require any further clarification, please contact the Authority's planning department.

Site Location

Disclaimer: We can only make recommendations based on the answers given in the questions.

If you cannot provide a postcode, the description of site location must be completed. Please provide the most accurate site description you can, to help locate the site - for example "field to the North of the Post Office".

Number	<input type="text" value="22"/>
Suffix	<input type="text"/>

Eligibility

Permitted development rights are subject to conditions set by legislation to ensure that only appropriate proposals are eligible. The need to apply to the Local Planning Authority to see if prior approval is required is one such condition.

Important - Please note that:

- This application is specifically for a 'larger' single storey rear extension to a house, and the questions below are particular to determining the eligibility of proposals for this extension type.
- Other kinds of home extensions do not use this 'prior approval' process and should not be applied for using this type of application.
- There are additional permitted development conditions that apply to all home extensions which are not covered in the questions below, [they can be reviewed in our common projects section](#). If your proposals do not meet these conditions, it is advisable not to continue with this application.

Please indicate the type of dwellinghouse you are proposing to extend

- ☒ Detached
- ☐ Other

Will the extension be:

- a single storey;
- no more than 4 metres in height (measured externally from the natural ground level); and
- extend beyond the rear wall of the original dwellinghouse (measured externally) by over 4 but no more than 8 metres.

Note that where the proposed extension will be joined to an existing extension, the measurement must represent the total enlargement (i.e. both the existing and proposed extensions) to the original dwellinghouse.

- ☒ Yes
- ☐ No

Is the dwellinghouse to be extended within any of the following:

- a conservation area;
- an area of outstanding natural beauty;
- an area specified by the Secretary of State for the purposes of enhancement and protection of the natural beauty and amenity of the countryside;
- the Broads;
- a National Park;
- a World Heritage Site;
- a site of special scientific interest;

- ☐ Yes
- ☒ No

Description of Proposed Works

Please describe the proposed single-storey rear extension

The proposal comprises a single-storey rear extension to the existing dwellinghouse at No. 22 St George's Avenue.

The extension will project 4.65m beyond the rear elevation of the existing dwelling. The extension will be constructed with insulated masonry cavity walls and an insulated flat roof. A parapet is proposed to three sides of the extension in order to reflect the character and appearance of the existing host dwelling.

The east wall of the proposed extension will be set approximately 150mm to 300mm away from the eastern boundary wall. The variation in this dimension arises because the boundary is not parallel with the side elevation of the dwelling.

For the avoidance of doubt, the proposed extension is single-storey only. The maximum height of the flat roof construction within 2m of the boundary will be 2.970m above adjacent external ground level. The parapet will extend to a maximum height of 3.196m above adjacent external ground level. The parapet does not form the eaves of the extension.

Drawing V04-300-P1 expressly distinguishes between the flat roof/eaves height and the parapet height. The parapet is decorative/enclosing and is not relied upon as the eaves level of the extension.

The proposal therefore complies with the relevant dimensional limitations for a larger single-storey rear extension under Schedule 2, Part 1, Class A of the Town and Country Planning (General Permitted Development) (England) Order 2015, including the 4m maximum height limit and the 3m eaves-height limit where the extension is within 2m of the boundary.

Measurements

Please provide the measurements as detailed below.

Where the proposed extension will be joined to an existing extension, the measurements provided must be in respect to the total enlargement (i.e. both the existing and proposed extensions) to the original dwellinghouse.

How far will the extension extend beyond the rear wall of the original dwellinghouse (in metres, measured externally)

4.65	metres
------	--------

What will be the maximum height of the extension (in metres, measured externally from the natural ground level)

3.19	metres
------	--------

What will be the height at the eaves of the extension (in metres, measured externally from the natural ground level)

2.97	metres
------	--------

Adjoining premises

Please provide the full addresses of all adjoining premises to the house you are proposing to extend. This should include any premises to the side/front/rear, even if they are not physically 'attached'

Declaration

I/We hereby apply for Prior Approval: Larger home extension as described in the questions answered, details provided, and the accompanying plans/drawings and additional information.
I/We confirm that, to the best of my/our knowledge, any facts stated are true and accurate and any opinions given are the genuine opinions of the person(s) giving them.
I/We also accept that, in accordance with the Planning Portal's terms and conditions:
- Once submitted, this information will be made available to the Local Planning Authority and, once validated by them, be published as part of a public register and on the authority's website;
- Our system will automatically generate and send you emails in regard to the submission of this application.

☒ I / We agree to the outlined declaration

Signed

Daniel Stroud
