

Planning Application Reference: APP/26/00402

Description: Installation of a modular self-service launderette facility and associated works. (Retrospective).

Location: Petrol Filling Station, 97 Park Lane, Bedhampton, Havant, PO9 3HQ

The KIS 'Noise Certificate for Laundry Kiosk' has been reviewed, and a desk-top study of the area has been carried out. The nearest receptor is approximately 40m west of the kiosk. A low-noise source (63 dB at 1 m) at approximately 40 m separation will attenuate to levels unlikely to exceed typical background or give rise to adverse impact.

Environmental Health (pollution) has no objection to the proposal based on noise concerns.

Kind regards,

Craig Milligan
