To Whom it may concern

Archaeological archives: Waterlooville

Between **18/04/07-31/01/19** Wessex Archaeology conducted archaeological fieldwork on your land, at **Land West of Waterlooville**. We are now preparing the archives for deposition, and in order to do this we need the permission of the landowner, at the time of the fieldwork, to donate the finds recovered from the sites to **Winchester Museum's Service**. To this end, I enclose a donation form which I would be grateful if you would complete and return to me at the address above. I enclose a stamped, addressed envelope for your convenience; alternatively, you can email a scanned copy of the signed form to me.

A list of finds recovered from each site is attached. They have no significant monetary value but they are valuable in terms of future research. If you would like any further information then please do not hesitate to contact me.

With thanks for your help in this matter.

Yours faithfully,

Michael Trubee, Archives Assistant Supervisor (Salisbury)*Email: m.trubee@wessexarch.co.uk**Tel: +447935602313*
