For attention of Abdi Dirir

Dear Sir/Madam,

Re: APP/24/00583 At Camp Field (land to the west of Havant Crematorium), Bartons Road, Havant

Application for Non-material amendment to Planning Permission APP/21/00678 (Application for Reserved Matters Approval pursuant to Outline Planning Permission APP/19/0007 for the layout, scale, appearance and landscaping of 70 dwellings and associated works) relating to the approved site layout drawings.

Thank you for your re-consultation on the above planning application. The Highway Authority previously responded on 19 September 2024.

The Highway Authority remain of the view that the implementation of the revised layout and removal of the turning head is premature in the absence of Phase 2 being open to traffic. Whilst it is understood that the through route has been constructed the route is not yet open as a through route for all vehicles. In the absence of the route being open to all traffic the turning heads is necessary to remain to ensure safe and suitable manoeuvring of the refuse vehicle. Removal of the turning head prematurely before the through route is open to traffic would remove these safe and suitable facilities.

As set out previously, the Highway Authority recommend that a condition is placed on this application to ensure that the works to implemented the requested amendments to the Phase 1 layout through this application cannot be undertaken until the infrastructure for Phase 2 has been implemented and open to traffic.

Director of Universal Services
Patrick Blogg

I trust that the above is clear but please do not hesitate to contact Sophie Osborne on the above contact details should you require any further clarification.

Yours faithfully,

Sophie Osborne
