Planning Application Reference: APP/26/00294
Description: Variation of Conditions 2 & 3 of Planning application APP/22/00831 including changes to materials, changes and additions to fenestration and internal reconfiguration as well as a ground floor extension.
Location:12, Nile Street, Emsworth, PO10 7EE

The GBS Designs document entitled 'Heritage and Planning Statement' has been reviewed.

Environmental Health (pollution) has no objection to the proposed variation of conditions. It is noted that condition 8 of APP/22/00831 requires post completion noise testing to ensure that the dwelling has sufficient sound insulation. It is therefore anticipated that the proposed glazing arrangement subject to this application shall be provide adequate insulation.
