

Biodiversity gain plan

Submit a biodiversity gain plan to show how your development will achieve biodiversity net gain.

When to use this form

A biodiversity gain plan shows how a development will achieve 10% biodiversity net gain (BNG). Submit this form to your local planning authority after they approve your planning application.

Unless your development is exempt, you cannot start the development until the LPA approves your biodiversity gain plan and biodiversity metric calculation tool.

1. Submission details

1.1 Date

For example, 3/11/2023

17/07/2026

1.2 Planning application reference number

APP/25/00639

1.3 Local planning authority (LPA)

Havant Borough Council

1.4 Development site address

If the site does not have an address, enter the OS grid reference.

Land at Bartons Road

Havant

Portsmouth

PO9 5EY

1.5 Describe the development

Tell us about the proposed development and any changes of use (250 words).

Redevelopment of the site for 90 dwellings with associated landscaping, parking and improved access

2. Developer details

2.1 Applicant name

Emma Ward

2.2 Company name

Stonebond Properties (Guildford) Limited

2.3 Address

1 Bishops Wharf
Walnut Tree Close
Guildford
Surrey
GU1 4UP

2.4 Email address

[REDACTED]

2.5 Telephone number

[REDACTED]

2.6 Declaration

By signing this declaration, you confirm that the information you give is complete and correct. Any opinions are your genuine opinions.

2.7 Signature

[REDACTED]

2.8 Date

17/07/2026

3. Responsible person details

Tell us about who is responsible for completing the biodiversity gain plan. For example, a consultancy ecologist or planning agent.

3.1 Name

Meghan Porter-Smith

3.2 Company name

John Wenman Ecological Consultancy LLP

3.3 Address

1 Diesel House, Honey Hill
Wokingham
Berkshire, RG40 3BL

3.4 Email address

3.5 Telephone number

3.6 Declaration

By signing this declaration, you confirm that the information you give is complete and correct. Any opinions are your genuine opinions.

3.7 Signature

3.8 Date

17/07/2026

4. Biodiversity net gain strategy

4.1 Is the relevant date for the pre-development biodiversity value the same date as the planning application?

☒ Yes

☐ No

4.2 If no, what earlier date did you agree with the LPA?

4.3 How have you met the guidance on ‘what counts towards your BNG’?

[Find out what you can count towards a development's BNG](#)

Habitat creation within open spaces surrounding the proposed residential plots and along the boundary of the site

4.4 How will you avoid or minimise impacts to habitats?

Tell us about the steps you've taken on site, including to avoid or minimise the impact on irreplaceable habitats.

Retained mature trees along the northern and southern boundaries of the site will be protected during site clearance and construction

4.5 Did you use your local nature recovery strategy to inform the strategic significance of habitats?

This includes other specified strategies if you do not have a local nature recovery strategy.

☒ Yes

☐ No

4.6 How will you achieve the target net gain percentage?

☐ On-site

☐ Off-site

☒ Both

4.7 Are any of your on-site enhancements considered 'significant'?

[Find out what counts as a significant on-site enhancement.](#)

☒ Yes

☐ No

4.8 If yes, tell us about the significant on-site enhancements

Include the appropriate planning condition or how you've secured the habitat.

The proposed landscaping plan includes the creation of native hedgerows, mixed scrub, other neutral grassland and scattered urban trees, predominantly along the boundaries of the site. Secured by Condition 15 of the granted planning permission.

4.9 How many off-site biodiversity units do you need to meet 10% net gain?

7.91

4.10 Explain why you're using off-site biodiversity units

Only answer this question if you're planning to use off-site biodiversity units (250 words).

Due to the loss of open mosaic habitat (a priority habitat) which is present within the central area of the site at baseline, and the complexity of re-creating this priority habitat off site, creating a mix of habitats has been agreed as being suitable compensation.

4.11 Explain why you're planning to use statutory biodiversity credits

Only answer this question if you're planning to use statutory biodiversity credits (250 words).

4.12 Do you have a habitat management and monitoring plan?

☒ Yes

☐ No

4.13 Have you used the statutory biodiversity metric tool?

☒ Yes

☐ No

4.14 Biodiversity metric calculation

Send your biodiversity metric calculation to the LPA and enter the file name.

Land at Bartons Road, Havant -
The_Statutory_Biodiversity_Metric_Calculation_Tool (R2724_BNG_e)

4.15 Condition assessments

Send your condition assessments to the LPA and enter the file name.

Land at Bartons Road, Havant -
Statutory_Biodiversity_Metric_Condition_Assessments (R2724_BNG_b)

4.16 Pre-development habitat survey report and map

Send your baseline habitat survey report and map to the LPA. Enter the file name.

Land at Bartons Road, Havant – Baseline Habitats Plan (R2724_BNG_a)

4.17 Post-development habitat map or landscape plan

Send your post-development habitat survey report and map to the LPA. Enter the file name.

Land at Bartons Road, Havant – Post-Development Habitats Plan (R2724_BNG_a)

4.18 Have you included an approved habitat degradation in the baseline?

If yes, include the relevant consenting body and reference number.

☐ Yes

☒ No

Consenting body

Reference number

5. Irreplaceable habitats

5.1 Does the development impact any irreplaceable habitats?

If yes, tell us if you've submitted an approved compensation plan.

☐ Yes

☐ No

5.2 Have you submitted an approved compensation plan?

☐ Yes

☐ No

6. On-site habitat enhancements

Answer this section if your development includes on-site habitat enhancements.

6.1 Survey date

For example, 3/11/2023

23/07/2025

6.2 Survey constraints

For example, access issues, weather, or seasonal constraints.

There were no significant survey constraints because full access was available to the site. The survey was subject to seasonal constraints, however the survey was carried out within the suitable window for the habitats present on site.

6.3 Total pre-development biodiversity value

Enter the number from the headline results in your statutory biodiversity metric calculation.

Number of area habitat biodiversity units

9.40

Number of hedgerow biodiversity units

N/A

Number of watercourse biodiversity units

N/A

6.4 Total post-development biodiversity value

Enter the number from the headline results in your statutory biodiversity metric calculation.

Number of area habitat biodiversity units

2.43

Number of hedgerow biodiversity units

1.51

Number of watercourse biodiversity units

N/A

6.5 Total net change in biodiversity units

Enter the number from the headline results in your statutory biodiversity metric calculation.

Watercourse biodiversity units % change

N/A

6.6 Will you register and allocate any biodiversity units from your site to other developments?

If yes or provisionally, give details.

☐ Yes

☒ No

6.7 Give details

Tell us about the amount of biodiversity units and the development location (250 words).

7. Off-site habitat enhancements

Answer this section if your development includes off-site habitat enhancements.

7.1 Tell us about the off-site habitat enhancements

Include whether you're delivering the off-site enhancements or buying biodiversity units.

Purchasing habitat units from Halnaker Hill Natural Capital Limited, Chichester PO18 0NF

7.2 Biodiversity gain site register reference number

BGS-300625001

7.3 How have you secured the off-site habitat enhancements?

Tell us about any responsible bodies and whether you've used an S106 or conservation covenant.

A s.106 Agreement with South Downs National Park Authority to secure the Provider's obligations to deliver the Biodiversity Net Gain scheme

7.4 Total baseline biodiversity value

Enter the number from the headline results in your statutory biodiversity metric calculation.

W

8.3 What evidence is there that no units are available through the market?

Send a message from at least 3 habitat providers, or a search result from online registers.

8.4 Proof of purchase

Send proof of purchase and enter the reference number.

9. Trading summary

9.1 Distinctiveness group

Tell us if you met the BNG trading rules on habitat compensation for each distinctiveness group. If you did not meet the trading rules, tell us if you agreed bespoke habitat compensation.

Check the rules on habitat compensation in the [statutory biodiversity metric user guide](#).

Very high

N/A

High

No – Bespoke habitat compensation for loss of OMH (Priority habitat) agreed with LPA to include other neutral grassland (4.93 units), mixed scrub (2.82 units), and a pond (priority habitat) (0.27 units).

Medium

Yes

Low

Yes

10. Sharing data (optional)

10.1 Can we share your ecological survey data with the Local Environmental Records Centre or other bodies?

☒ Yes

☐ No
