Subject: APP/26/00425 Application for approval of all Reserved Matters (siting, scale, external appearance, and landscaping) relating to Phase 4 (Southern Access Road) Havant Thicket Reservoir Site

Dear Narinder,

APP/26/00425 | Application for approval of all Reserved Matters (siting, scale, external appearance, and landscaping) relating to Phase 4 (Southern Access Road) of the Havant Thicket Reservoir development pursuant to Condition 2 of the S73 consent planning reference APP/24/00312 dated 6th December 2024. | Havant Thicket Reservoir Site

Thank you for consulting me on this reserved matters application relating to Phase 4, the Southern Access Road.

I have reviewed the submitted information, including the site proposals, plans, cross-sections, and Dormouse Mitigation drawings. I am content that the proposal is not likely to result in significant ecological impacts and that the retention of habitat will serve to maintain connections for Hazel Dormice. I note that Natural England have raised no concerns and that these measures have been discussed with Natural England specialist officers as part of the overall mitigation licensing strategy.

If you have any queries, please don't hesitate to contact me.

Kind regards,

Tristan
