For attention of Ms Fox

Dear Jennie,

Re: APP/26/00555 At KFC , 2 Park Way , Havant, PO9 1HH

Application for Advertisement Consent for: Display of 5no. internally illuminated fascia signs (replacing existing), new illuminated portal to entrance, removal of drive thru height restrictor, and redecoration of exterior.

Thank you for the consultation on the above application, the Highway Authority would like to make the following comments.

This application seeks approval for the display of 5no. internally illuminated fascia signs, replacing existing signage, a new illuminated entrance portal, replacement of drive thru heigh restrictor, and general redecoration of the site building.

As the proposed signage is replacing existing signage, the Highway Authority raises no concerns regarding the proposed locations. The application form confirms that the maximum illuminance is to be 250 cd/m2 which is considered acceptable and will be secured through an appropriate planning condition.

The Highway Authority therefore raises no objection, subjection to the following condition:

- The illumination of the approved signs shall not exceed 250 candelas per square meter (cd/m2), and no light source shall be directly visible from the public highway.

  Reason: In the interests of highway safety

Yours faithfully,

Thomas Willcox
