Hello Rob

The trees shown in the photos adjacent to the existing garage do not appear to be of a quality where we would wish to make a TPO, however there are other trees in the area that are of a higher quality and making a positive impact on the local area.

I raise no objection to the proposal however if permission is given, please can you attach the following condition.

The development hereby permitted shall only be carried out once an Arboricultural Impact Assessment, Arboricultural Method Statement, Mitigation Tree Planting Plan and Tree Protection Plan is submitted and approved by the LPA.

Reason: To protect the health of adjacent trees in accordance with policies CS16 and DM8 of the Havant Borough Core Strategy (2011) and the National Planning Policy Framework.

Best wishes
