To Riley, Robert <Robert.Riley@havant.gov.uk>

Hello Rob,
Having reviewed the proposal, I can confirm that I raise no arboricultural objection to the application.
My recommendation is made on the basis that the trees are located within the neighbouring garden and that the proposed works do not result in any alteration to the footprint of the garage on the side closest to the trees. Consequently, the proposal does not appear to introduce any additional impact on the root protection areas or the long-term retention of the adjacent trees.
However, this no-objection recommendation is subject to there being no removal, excavation or alteration of the existing internal garage floor slab. Any lowering of levels, removal of the slab, installation of new foundations, or other groundworks within the footprint could have implications for tree roots and would require further arboricultural assessment.
Best wishes

Jamie Gargett FICFor
Principal Arboriculturist
