

BARGATE

Southleigh Park

Lighting Schedule

First issue - Date: 20/08/2026

We have selected the luminaires below to complement the architectural character of Southleigh Park House and to remain sympathetic to the style of the surrounding listed buildings.

The proposed styles also align well with the ecological requirements of the site, with one of the selected luminaires being Dark Sky approved, helping to minimise unnecessary light spill and its potential impact on the surrounding environment.

Light Specification	Location	Image
Elite Coach Lantern with PIR Colour: Black	Porch
