## Southleigh Park External Materials

First issue - Date: 20/08/26

We decided that the most effective way to agree on a complimentary materials pallet was to take multiple brick samples to site and observe them next to the various listed buildings. We then agreed the brick in the photos and table in the document were most complimentary.

Please see a selection of photographs below showing the chose bricks adjacent to Southleigh Park House itself:

*Figures 1 & 2 - Bricks adjacent to the stables.*

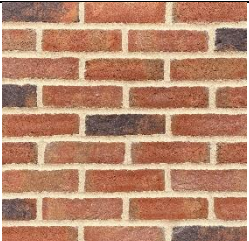

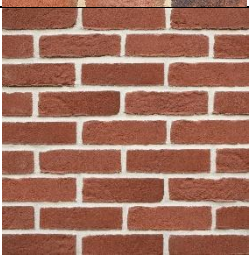

*Figure 3 & 4 - Bricks adjacent to Southleigh Park House.*
