RAH/02071.2026/2

18th August 2026

Havant Borough Council
Public Service Plaza
Civic Centre Road
Havant
Hants
PO9 2AX

Dear Sirs

Biodiversity Net Gain Statement

This application seeks approval for a non-material amendment under Section 96A of the Town and Country Planning Act 1990 to relocate the approved foul water pumping station.

The proposed amendment relates solely to the siting of the pumping station and does not affect any approved ecological mitigation, biodiversity enhancement measures, landscaped areas or habitat creation proposals associated with the development.

As this application is made under Section 96A and does not constitute a new planning permission, a separate Biodiversity Gain Plan or Biodiversity Net Gain assessment is not required in support of this submission.

The proposed amendment will not materially affect the biodiversity outcomes of the approved development.

Kind regards,

Rupert Hunter
