planning information.

Notes:
Construction drawing to be read in conjunction with the following:
Refer to Civil Engineer's drawings and specifications for all drainage
levels, falls and gradients, highway requirements, service and
drainage, paving loading, over-cuts, white lining and setting out of all
roads, car parks and vehicular areas.
Refer to M&E Engineer's drawings and specifications for all lighting
including sports pitches where appropriate, CCTV and barrier.
Refer to Structural Engineer's drawings and specifications for all
guardrail and barrier loading, vehicular gates and retaining
structures.
Refer to Architect's drawings and specifications for fire routes, bin
stores, setting out of all buildings including ancillary structures and
finished floor levels.
Source layout and fencing shown in outline. Refer to specialist
contractor's details and specification, including setting out and fine
marking.
All final service routes in relation to tree locations to be coordinated
and appropriate root barriers installed.
Refer to arboricultural advice, details and specifications for the
protection of retained trees in relation to construction.
Contractors are to verify all site dimensions and conditions before
construction.
This drawing is to be read in conjunction with all other relevant
drawings. Main Contractor to be notified of any discrepancies in
figured dimensions from site.
