Revision	Date	Drawn by	Amendments:
P01	24.07.26	JP	Pre-commencement planning information.
P02	26.07.26	JP	Pre-commencement planning information.
P03	31.07.26	JP	Pre-commencement planning information.
P04	17.08.26	JP	Boundary updated for co-ordination.
P05	19.08.26	JP	Pre-commencement planning information.

Notes:
Construction drawing to be read in conjunction with the following:
Refer to Civil Engineer's drawings and specifications for all drainage levels, falls and gradients, highway requirements, sensory and tactile paving, loading equipment, white lining and setting out of all roads, car parks and vehicular areas.
Refer to M&E Engineer's drawings and specifications for all lighting (including sports pitches where appropriate), CCTV and barriers, culvert and covered drains.
Refer to Structural Engineer's drawings and specifications for all guardrail and barrier loading, vehicular gates and retaining structures.
Refer to Architect's drawings and specifications for fire routes, bin stores, setting out of all buildings including ancillary structures and finished floor levels.
Scape layout and fencing shown in outline. Refer to specialist contractor's details and specification, including setting out and fine marking.
All final service routes in relation to tree locations to be coordinated and appropriate root barriers installed.
Refer to arboricultural advice, details and specifications for the protection of retained trees in relation to construction.
Contractors are to verify all site dimensions and conditions before construction.
This drawing is to be read in conjunction with all other relevant drawings. Main Contractor to be notified of any discrepancies in figured dimensions from site.
The layout and equipment in the playground is shown illustratively.
