Hello Jen

I am unable to find any Arb info submitted for this one.

It would appear that this is considered to be statutory undertaking and as such the contractors would be required to work to NJUG standards, however I would appreciate a degree of information from then in relation to the potential impact on the surrounding trees.

Best wishes

Subject: APP/26/00540 - Land at Junction Opposite 115

Hi Jamie,

Did you have any comments for this one? The proposal would affect the trees immediately to the right of the existing compound on the attached photo.

Many thanks,

Jennie Fox

In August 2025, the council moved to a new case management system, across Planning Development, Licensing and Environmental Health. This change involved moving 25 years' worth of data from multiple systems into one new system and learning how to use the new system.

Our officers have been working hard to continue working throughout the change, but there was a period of downtime, and we are still working through some of the backlog. As a result, our response times are longer than usual, and we apologise for any inconvenience this may cause.

Thank you for your understanding and patience.
