APP/26/00538

Hi Robert – Thank you for your email. I can confirm the two existing side elevation windows remain at the same location and width but with raise window cills.

If you have any further questions, please let me know.

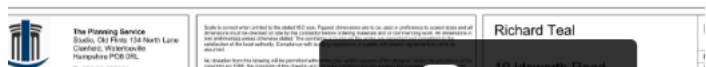

Please could you confirm your recommendation for the application?

Kind regards, James

Good afternoon

Can you also please confirm that these two windows circled are only being reduced in height, i.e to start higher up and no changes otherwise?

Kind regards Rob
