Hi Jennie

My view is given the nature of the application and the distance between the site and closest heritage assets (with St Peter's Church being located further south), a heritage statement which considers the impact on above ground heritage, is not necessary for this application.

Hope that helps,

Many thanks

Rachael

Subject: APP/25/00071

Hi Rachael,

I've inherited this app from Henrietta and I'm chasing up a few missing consultee comments - they may have been emailed to Henrietta and never made it to the file.

The County Archaeologist has requested a Heritage Statement for the Roman remains, would you also need this for proximity to St Peter's Church and the conservation area?

Many thanks,

Jennie Fox
