Dear Mrs E. Chisnall,

In answer to your letter about retrospective planning application for 18 Longwood Avenue.

When he moved into the property he asked us if he could take down the hedge which was 2 meters tall and replace it with a wooden fence. This he did, and replaced it with a 2.3m fence. He put in a 300mm gravel board with 2m fence which makes it a lot higher then he has asked for in the planning application.

Sometime later he started to rebuild his garage in the garden, again it is a lot higher then the original.

Yours sincerely

Mr and Mrs J. Long
